Impact of smoke free law debated 01/09/08

Hotel occupancy down, but revenue up 01/10/08

Smoke free law not bad for business, experts say 01/10/08

It's plain to see. If you want to know the truth about the **NEGATIVE ECONOMIC IMPACT** that the smoking ban has caused our Island home, do yourselves and the rest of us a favor and pick up the **Star Bulletin**. Nobody still wants to just come out and say the simple truth, they still want to cover it with lack of hotel rooms?? (Occupancy down), or fuel surcharges (I don't think that is part of a **POST VISIT SATISFACTION OF YOUR ACCOMODATIONS** figures, do you??).

By the way, which paper does the Department of Health spend hundreds of thousands of our tax dollars on with their continual attempt at selling the **SMOKE FREE HAWAII (full page) ADVERTISING CAMPAIGNS? Limo Poke, anyone? Smells a little fishy, doesn't it!**

BAN THE BAN!

Let's work together! We know that the truth is hard to swallow for some of you. But it is time for a change. Laws can be changed. Laws that harm the very foundation of our delicate economy must be changed. This isn't about trading health for economics, it's about freedom of choice. Employee's have every right to exercise their free will when accepting employment. Employer's have a right to cater to, a lucrative and a viable segment of the world population who happen to like to consume a legal product. **CHANGE SB 295 IN 2008, it's the right thing to do!**
